not deny having forged the signature as charged. He relied on the technicality that no signing had been done in Goodhue county, and thus, that if any crime had been committed, it had not been committed within the jurisdiction of the trial court.

When on the witness stand Tveitmoen told of writing for the newspaper, lecturing for the Farmers' Alliance and teaching school. When shown the forged note he recognized it.

#### TVEITMOEN, CONVICTED.

The jury returned the following verdict in the court in writing:

"We, the Jury, find the defendant guilty in manner and form, as charged in this indictment."

[Signed.]

"C. T. BRYAN, Foreman."

Tveitmoen's attorney, J. C. McClure, moved for a new trial, but in the end no new trial was granted. After denial of the motion, the counsel for the prisoner asked a stay of twenty days, which was granted.

On April 16 of the same year, Tveitmoen was brought into court at Red Wing and sentenced to serve eighteen months at hard labor in the State prison at Stillwater, Minn. He was received in the penitentiary on April 20, when he was given the number 2205.

On December 21, 1894, Tveitmoen was pardoned by Gov. Nelson, himself a Norwegian.

#### STANDARD OIL HEARING.

### SPARRING FOR IMMUNITY BATH.

BOOKS OF STANDARD OIL ARE STILL "MISSING."

**Prosecutor Kellogg Given to Understand That They May Never Be Found Till H. M. Flager Is Called to the Witness Stand to Aid the Government.**

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Sept. 24.—[Exclusive Dispatch.] For the third time since the beginning of the hearing in the government's suit for the dissolution of the Standard Oil trust, John C. Millburn, the oil counsel, today practically dared Messrs. Kellogg and Morrison, the government prosecutors, to subpoena Henry M. Flager to the witness stand.

With that challenge, there was the implied threat that until Mr. Flager was placed there, so he could get an "immunity bath," the missing books of the trust during the liquidating period of 1892-94 would never be produced. Mr. Kellogg was plainly exasperated, but fenced adroitly with Mr. Millburn and, during the exchange of arms, which was warm and interesting, neither lawyer mentioned the name of Mr. Flager. He was secretary during the seven years that the oil trust continued to do business without change in methods, despite the mandate of the Supreme Court of Ohio. It is believed that a subpoena duces tecum served upon him would produce the books and a willing witness in court.

If the government decides to institute criminal proceedings against individuals in the oil trust, Uncle Sam will sit high. No agents or underlings will be accepted as victims, but the men of immense wealth, who conceived and directed the monopoly during its entire existence, will be hauled to the bar to answer for the alleged crimes.

John D. Rockefeller, William Rockefeller, John D. Archbold, Oliver H. Payne and Henry M. Flager, all trustees of the 1882 Ohio trust and the trustees in liquidation until 1890, have been the significant exemptions from the notorious service writs in this present suit.

John Bensinger, who kept the transfers of the original trust up to 1890, has testified that when he left the Standard, the books were in a trunk in New York. Among Comptroller Fox swore he never saw them. Treasurer Thillford was ignorant of their whereabouts and so was Secretary Pratt, according to their testimony. Today Wade Hampton, general auditor of the Standard, said he audited the books, but had not seen them since 1895. His audits were sent to Mr. Flager.

"The stock register would show," admitted Mr. Hampton, "exactly the condition of the various trusts, certifies at any date, but I don't know where that book is."

"You have audited the stock transfers of the Standard Oil Co. of New Jersey since 1890, haven't you?" inquired Mr. Kellogg. "Where are they now? Are they lost, are they not?"

"Now, Mr. Kellogg," interrupted Mr. Millburn with his most cherubic smile, "if you want those books you know very well how to get them; if they are in existence, and I know nothing to the contrary, we will give them to you."

"I've been trying for days to get them and have failed," exclaimed Mr. Kellogg. "If you'll tell me how to get them—"

"I don't think you want my advice how to get them," observed Mr. Millburn.

"Then I now call on the defendants to produce the books," said Mr. Kellogg.

"What defendants?" Mr. Millburn's smile was a broad grin now.

"The defendants represented here by J. C. Millburn."

"I call upon these defendants to produce the auditing books, the stock register, the stock ledger and those books of stock record of the liquidation trustees commencing with March, 1892, and continuing the outstanding certificates and the process of liquidation down to 1890. I ask the Standard Oil Company of New Jersey: Are the books in their possession, Mr. Millburn?"

"I have inquired," replied Mr. Millburn, no longer smiling, "and I find that the books have been sold and the books and they were never in their possession. Mr. Hampton is one of the gentlemen I inquired of at once."

When the hearing was adjourned, Mr. Kellogg and Mr. Millburn both refused to explain further what was being a significant challenge of the trust lawyers.

Mr. Hampton audits the books and accounts of the principal Standard companies, but he gave a list of nearly forty concerns whose auditing is not done by his department. Why this was, he did not know, but thought it might be "matter of convenience."

He audited the books of the Waters-Pierce Company until they were driven out of Texas in 1896. After that, he said, they did their own auditing, because a new company was formed.

He admitted that on request of the Waters-Pierce Company, he furnished them from his office to audit their books, but they were paid by the Waters-Pierce Company, he said.

#### TO FIGHT THE PLAGUE.

SACRAMENTO, Sept. 24.—At a meeting of the State Board of Health today Gov. Gillett presiding, it was decided to appropriate \$15,000 to fight the plague in San Francisco. Steps were also taken to establish a barge in the bay to fumigate bay and river craft.

### LATIN-AMERICANS. WAR CLOUD APPEARS AGAIN.

#### GUATEMALA MEDDLING IN HONDURAS POLITICS.

**President Cabrera Notifies Davis He Will Support Bonilla in His Efforts to Regain Power—Washington Thinks Peace Protocol Will Be Respected.**

[BY THE ASSOCIATED PRESS—P.M.]

BRUSSELS, Sept. 24.—According to official information derived here today, President Cabrera of Guatemala, nominally President Davis of Honduras, will support Manuel Bonilla, of Honduras, in the latter's efforts to regain the Presidency of Honduras.

This, the official advises add, is taken to mean that between Guatemala and Honduras is likely to begin immediately.

AS WASHINGTON SEES IT.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, Sept. 24.—The underlying cause for the action of Guatemala in meddling in the internal politics of Honduras in the coming election, is said to be President Cabrera's desire to get an ally to strengthen his position against Mexico, which government, he fears, is likely to pursue the effort to secure the punishment of the Guatemalan officials charged with participation in the assassination of the former President.

("Square-head") Tveitmoen, union leader and present Supervisor of San Francisco, whose criminal record has been exposed.

The reports of Guatemala's activity in Honduras politics has hastened the coming of the negotiations toward assembling of the peace conference in Washington next November. With the recent signatures of the Central American peace protocol, both the United States and Mexico believe that the danger of another setback has been averted. The protocol binds the parties to it to refrain from any movement that might disturb the status quo and thus endanger the success of the negotiations, and the United States and Mexico here feel that any attempt of Guatemala to interfere with the internal affairs of another sovereign state would be in violation of the protocol. It is not doubtful here that the movement of Davis of Honduras will be kept within the bounds of propriety.

THE REPORTER'S NOTEBOOK.

Guatemala's activity in Honduras politics has hastened the coming of the negotiations toward assembling of the peace conference in Washington next November. With the recent signatures of the Central American peace protocol, both the United States and Mexico believe that the danger of another setback has been averted. The protocol binds the parties to it to refrain from any movement that might disturb the status quo and thus endanger the success of the negotiations, and the United States and Mexico here feel that any attempt of Guatemala to interfere with the internal affairs of another sovereign state would be in violation of the protocol. It is not doubtful here that the movement of Davis of Honduras will be kept within the bounds of propriety.

ANOTHER CHICAGO CRIME.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Sept. 24.—[Exclusive Dispatch.] Stirred by the discovery of a second slaying on a wharf within the domain of the victim, the police today renewed activity in the search for the murderer of Mrs. Lillian White Grant, the Hyde Park kindergarten teacher. Mrs. Josephine Rousal was the latest victim this morning. This will be the last term of any United States court that will ever be held in the Indian Territory, provided, of course, the President or Congress approves the Constitution adopted at the election on September 17. By the new division of the State under the enabling act, Adams will be in the Eastern district of Oklahoma, in the northeast, situated at Ardmore, Vinita, Muskogee, South McAlester, Chickasha and Tulsa.

ORDERED TO QUIT BUSINESS.

[BY DIRECT WIRE TO THE TIMES.]

BOONVILLE (Ind.), Sept. 24.—[Exclusive Dispatch.] After several months of wrangle, the City Council tonight ordered the Cumberland Telephone and Telegraph Company to quit business in Boonville within thirty days. The trouble arose over a disagreement as to the rates to be charged for telephone service. The company had no franchise.

THE REPORTER'S NOTEBOOK.

The most perfect good faith requires the government to the Chicago and Alton Railroad Company the privilege granted an accomplice who becomes a witness for the prosecution.

AUTHORITIES FOR IMMUNITY.

After quoting authorities and decisions on this subject of privilege of immunity granted such witnesses, the Attorney-General's letter concludes as follows:

"Having submitted the foregoing report, explanatory and statements of the department to the court, you will therupon respectively move that the special grand jury be discharged from further consideration of the matter; and you will immediately report your action in the premises, and any which may be necessary to the court."

John Landis after the reading of the letter sent to the jury, gave the history of the case, citing what he said were evidences of criminality on the part of the railroad company in connection with the granting of rebates and that the corporation must be indicted, however, he kept, and directed that the jury discontinue the investigation.

GOVERNMENT WANTS THAT BIG OIL FINE.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Sept. 24.—[Exclusive Dispatch.] That Washington government expects the Standard Oil Company to pay off \$25,000,000 fine imposed by Judge Kanesow of Mountain Landis, was declared today by the Wall Street Journal.

The newspaper stated that its facts

are made public on the best authority. The article tells of pleas of the trust and the pamphlets issued to the public, which are full of pronouncements of manifestly against it, and includes a legal opinion from one of the attorneys connected with the case. This lawyer is quoted as declaring that the

department is to recommend that the permanent force of the department be increased by rendering permanent all the lump sum appropriations and are technically appropriated. Other words, my idea is that the pamphlet is made up of glittering generalities. The concrete statements are to be found in the statement of James A. Moffett, president Standard Oil Company of Indiana.

BONAPARTE WANTS TRAINED "BUSTERS."

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Sept. 24.—[Exclusive Dispatch.] Atty.-Gen. Bonaparte's plan for the pursuit of the octopus is not so sweeping and radical as to call for the overturning of the present force of the Department of Justice, as has been reported.

Mr. Bonaparte today denied that he contemplated a general housecleaning in his department. However, he does desire to secure permanently the services of certain men who have become trained trust-busters. He said:

"In my report to Congress I intend to recommend that the permanent force of the department be increased by rendering permanent all the lump sum appropriations and are technically appropriated. Other words, my idea is that the department should be in a position to attend to a larger portion of its business without the necessity of employing special counsel. This, however, is not by reason of any dissatisfaction with the special counsel employed, nor is it expected to involve any great increase in expense. At the same time it will tend toward giving Congress a greater, rather than a less, control of expenditures of the department."

PACIFIC SLOPE.  
HINDUS ARE COMING SOUTH.  
Illustrated by the Sunny Climate of California.  
They Are Now Headed Toward Los Angeles.

WILL ENDURE RIGORS OF NORTHERN CLIMATE.

(BY DIRECT WIRE TO THE TIMES.) VANCOUVER (B.C.) Sept. 24.—[Exclusive Dispatch.] Every Hindu in Britain and Colonies who can raise the cash is going for California this week to escape the winter. The sunny south before frosty weather comes in the north has lured a large number to British Columbia, succumbing to the rigors of a winter alinement new to them.

Hindus have been leaving within the last ten days for California points, many of them pronouncing Los Angeles the best place to go. A Scott or some other officials of Canadian government familiar with immigration affairs, will probably go to Japan immediately to attempt to arrange a restriction in immigration.

The prediction has not been finally made, but it was given out at Ottawa yesterday that the question was being considered and a detailed arrangement would be made within a week.

The fact that the government is considering sending a special envoy to India shows that the negotiations between Ishii and Premier Lau are still at Ottawa were fruitless. Next week head of the immigration department, is now in Vancouver and could be on his way to Japan in five days.

JAPS ARE THANKFUL.  
At Bellingham Will Present Neapolitan Vase to Mayor Black.

(BY DIRECT WIRE TO THE TIMES.) BELLINGHAM (Wash.) Sept. 24.—[Exclusive Dispatch.] The Jap colony here will present to Mayor Black tomorrow a magnificent Neapolitan vase, as an appreciation of his efforts to protect them during recent riots and disturbances in the city.

Accompanying the gift will be a letter, written by the Jap leaders, on behalf of the colony. The Bellingham Japs held a meeting to inspect the vase and prepare for its presentation.

In the letter to the Mayor, the Japs say they have made an acknowledgment of his prompt action to their relief. The colony has sent a message of appreciation to Chief of Police Monday.

CHINESE BRING SUIT.  
Book to Compel Victoria Board of Education to Admit Them to School.

(BY ASSOCIATED PRESS—A.M.) VICTORIA (C.B.) Sept. 24.—Local lawmen have determined to ascertain the rights of the provisions in the Chinese law in regard to oriental students in Canada as students give them. The law reads, a Chinese entrepreneur as a student must pay annual head tax of \$500, which he can get back at the end of year by presenting a certificate of attendance school for that length of time.

New arrivals applied to the board recently for permission to attend classes, but they were not admitted. The board holding the presence in the classes of those not able to talk English affecting the progress of the world.

The only other alternative was to open a separate classroom, with teacher for the Chinese. This board did not feel disposed to do so. Chinese have given notice of action to force the board to admit them to the schools. The government will defend the suit in the city school board.

CHINESE NOT WANTED.  
City Council Asks Government to Amend Immigration Law.

(BY ASSOCIATED PRESS—A.M.) JAMAICA (Jamaica) Sept. 24.—The Chinese here is a serious matter of concern to the press. The government is urging the legislature to take steps to prevent landing here as being detrimental to local trade. The Kingston Chamber of Commerce has adopted a resolution asking the government to amend the alien immigration law so as to prohibit the entrance of undesirable persons, who, it is said, are landing on the island.

PROCEEDINGS UPSET.  
Court of Having Important Bearing on Pacific Coast Steamship Property Rights Is Rendered.

(BY ASSOCIATED PRESS—A.M.) SAN FRANCISCO, Sept. 24.—The Court, in a decision which distinguished in all suits to establish jurisdiction under the McMurtry act, declared the last and most important of the cases of the Nod emergency.

Appraiser Dore Retires.  
PORTLAND (Or.) Sept. 24.—Bearing Capt. Murchison and 23 survivors of the recently wrecked ship John Currier in Alaskan waters, the United States cutter Thetis, of the Port of Anchorage, today. The ship suffered damage to her steering gear, and was compelled to make the voyage under her jury rudder. She proceeded with the survivors to Seattle.

SLOPE BRIEFS.  
New Coast Steamer Arrives.

SAN FRANCISCO, Sept. 24.—The new steamship Governor Benét, with a sister ship to the President, with the exception of a slight difference in her machinery. The Governor Benét had come from Alaska Aug. 7, and had a pleasant voyage. She will be placed in the regular service between this city and Seattle, and during the busy season will be transferred to the Alaska route.

Supervisor Brought Home.

**LOOLOOS LOSE TO COMMUTERS.**

**Seem to Have Game Sewed Up, but Sack Rips.**

**Hoop Hit Hard While Oakland Uses Three Pitchers.**

**Los Angeles Takes Commanding Lead.**

**BY DIRECT WIRE TO THE TIMES.**  
SAN FRANCISCO, Sept. 24.—[Exclusive Dispatch.] Baseball fans got plenty of runs for their money at the Oakland Park yesterday afternoon and the Commuters in part wiped out the impression that they are inclined to stop when the game is going against them. With the score 7 to 1 against them at the end of the second inning, Van Halteren's men kept coming and wound up at the front by a 11-to-8 score.

Neither of the pitchers who started the game, Hoop for Los Angeles, or Little Johnny Hopkins for Oakland, finished the game and Van Halteren went one better than that, for when Goodwin failed to show class he sent in Ell Cates, and the old reliable pulled the contest out of the hole and won the credit of another victory in his win column.

Los Angeles started off like a world beater. With the bat they had, and that broken, they scored two runs in the first inning. Oakland came back in the same inning for a tally, but the leaders made their opponents look sick in the second. Ellis started with a base on balls. He then advanced all along and eager foot to right.

Hoop's double started the runs, while Bernard walked. Nagle's single to left with a tumbler by Smith sent in three more runs and Cravath put the ball to right for the fifth.

Oakland's most lively inning was the third when five runs came on two singles, a double by Devereaux, an error, and a base on balls.

The game was suspended, and in the sixth, when Oakland took the slight lead and increased it to the seventh, Hoop scored a lucky home run off the ball bouncing from left field over the fence and bringing in two runs.

35-37 S. HILL ST.FOR SALE—  
HEAD EVERY WORD OF THIS.  
SOMETHING GILT EDGE.

## \$1000.

## ONE-HALF CASH.

## PATING 2 PER CENT. NET.

Now before you go in a career of some choice properties have we got the fortune to have placed with one of such unusual merit as the piece of real estate for sale in this city. Only a few other persons could get anybody to sacrifice this class of property for less than I think it is paying better than that price. It is the choicest close-in southwest section. It is interesting to note that we can sell this for not all anything.

## GRASP THE OPPORTUNITY.

CONWAY & KESSLER,  
202 S. Hill St.FOR SALE—TEMPLE ST. CORNER, LARGE  
3 STORY, 4 ROOM, MODERN BUILDING, BRINGING

## THE CITY IN BRIEF

## NEWS AND BUSINESS.

## State Supreme Court Coming.

The State Supreme Court will convene in this city for the week beginning October 21. On the first day motions will be in order. A number of appeal cases are set for oral argument during the session.

## Col. Biddle Dies.

Col. John Biddle, in charge of the government works on the California coast, is here on a tour of inspection. He paid a visit to Capt. A. A. Fries yesterday, and in company with that officer, went to Catalina.

## Bitten by Dog.

J. P. Collier, better known as "Kid Lang," was bitten bad night front of his home, No. 50 South Los Angeles street, by a vicious dog. He was cared for at the Receiving Hospital.

## "Loaded" Cigar Case.

John Fox, a hack driver, was arrested last night on a charge of battery sworn to by William Powers, also a hack driver, who alleges that he sustained a slight injury from a loaded cigar given him by Fox. Both men are employed at the Tallyho stables.

## Alaskan Missionaries.

Dana and Otha Thomas, who have recently returned from Alaska, will speak at the Friends' Church, Third street and Fremont avenue this evening. Their adopted Eskimo daughter, and their little son, who was born north of the Arctic Circle will be present and clad in their northland attire.

## Teenager Injured.

T. J. Williams, a teamster living at No. 154 West Eighteenth street, was injured last night when a wagon he was driving collided with Main street car No. 329 of the Los Angeles Railway, at Eighteenth and Main streets. The wagon was demolished and Williams was buried to the pavement. His left ankle was broken.

## Died in Mexico.

Mrs. Delia C. Jordan, wife of J. M. Jordan, treasurer of the Cooper, Coates & Casey Dry Goods Company, died Monday night at a sanatorium in St. Helena. Mrs. Jordan had been under treatment for several months for a nervous trouble. A widow and six-year-old daughter survive. Mr. Jordan left on the Owl train yesterday afternoon for St. Helena.

## Go to San Diego.

The party of Hawaiian girls under the chaperonage of Mrs. Edith Weatherred began the last round of their tour of the Pacific Coast yesterday when they were started for San Diego at 10 o'clock by the City Lines. The party will return to Los Angeles tomorrow and Saturday go to Santa Cruz, San Francisco, Portland, Tacoma and Seattle, where the excursionists will embark for Honolulu.

## Death of New Yorker.

D. E. Tufts, a New York merchant, died after a long illness yesterday morning, following an operation for kidney trouble. Mr. Tufts was senior partner in the firm of Tufts & Cohn. He arrived in Los Angeles two weeks ago, in the hope of gaining strength. With his wife and daughter he had been staying at the Hershey Arms. The funeral will be held at the home of a cousin, Miss Mary Maxwell, No. 685 Coronado street, Thursday afternoon. Interment to be made at Rosedale.

## Finds Blame in Safe.

While cleaning out a big safe in the office of the United States Marshal, yesterday, Al Sittel, the chief deputy, came across a broken knife blade stained with dark substance. It was in a padded envelope. On the paper it was stated that the blade was used by J. H. Ormandy, a Federal prisoner, who attempted to commit suicide in 1909. None of the present officials remembers the man. In another compartment Sittel discovered two South Sea Pacific pearl oysters. The shells were placed there months ago and represent baggage belonging to a Chinaman, probably now on his way to his own country.

## BREVITIES.

The new Harris & Frank store, 437-41 South Spring street, just a block south of the old store, is now open. It is assuredly one of the show places of Los Angeles, and will help advertise the city throughout the country. The Harris & Frank business adds to the growth of Los Angeles. Beginning on Aliso street more than half a century ago, this store has moved south, as the retail business of the city grew that way, until today it is housed in its own modern building, occupying the entire fourth floor. The development of the Harris & Frank business adds to all aspiring merchants that the only sure road to success is honest methods. More than fifty years of fair dealing have brought to Harris & Frank the confidence of the buying public. Their business extends all over Southern California and Arizona, and draws to the city finding that they can be served satisfactorily by mail. The old slogan of Harris & Frank used to be "everything for men and boys, except shoes." This must now be amended to a complete shoe department, carrying full lines of good shoes for men and boys, as well as the features of the new store. The main floor here is devoted to shoes, men's furnishings, hats and men's clothing. All fixtures are of solid mahogany with marble bases—the effect very rich, quiet and tasteful. The second floor is devoted to men's wear department. Clothing of boys has for years received special attention at Harris & Frank's and this department had outgrown its old quarters. The new store gives it tremendous floor space and still more comprehensive service, now housed in this heretofore unused portion of the third floor.

Mothers who find it difficult to secure really smart ready-to-wear garments for girls should visit the new Harris & Frank store, 437-41 South Spring street. The new fashions and Peter Thompson dresses are shown in tasteful variety—not in exceedingly heavy weights, but especially suitable for fall and winter wear in this climate.

Want some new, pretty dresses for the children? Here are novelty blouses for both boys and girls at the new Harris & Frank store, 437-41 S. Spring st. Shown on the second floor, in a department larger than is given to men's hats in the average store. Visit it.

J. W. Frey has moved his stock of mantles, grates, and other articles to six warehouses, corner Los Angeles and Twelfth streets, where can be seen the largest assortment of black and brass fireplace trimmings to be found in the United States.

Mrs. L. G. Potts has returned from Europe with the latest novelties in gewgaws, novelties, and novelties to sell. Her shop is at 441 South Spring street, and will open her business September 22, when she will be pleased to meet her many friends and customers.

You'd better attend the closing out sale of Korber-Packer's picture stock,

Everything must go at your own price. Framing done reasonably and quickly.

J. F. Kast Art Co., 642 S. Spring.

Dr. W. M. Murphy, oculist, returned.

Dr. Schaefer, dentist, 319 Laughlin.

RUSH TO DESERT.

Colonists for California and Men for the Mines—Desert Stage Line Starts.

Not only is there a big rush of colonists from the East into Los Angeles and the surrounding towns, but they are pouring into the desert.

Manager E. W. Gillett of the Las Vegas and Tonopah Railroad stated yesterday that now that the cooler weather is beginning, miners, prospectors and traders are making a rush to the big mining camps, and that for the deserts of Southern Nevada and California there was undoubtedly a great era of prosperity beginning.

A stage line has been opened this week connecting with the Las Vegas and Tonopah road at Bonnie Clarc and running to Ubehebe. The fare is \$2 each way, and the stage leaves Bonnie Clarc Monday evenings and reaches Ubehebe Tuesday evenings, returning to Bonnie Clarc on Fridays.

Mr. Gillett reports that at the Bonnie Clarc mine ten more stamps have been added to the mill, and it is kept running night and day by shifts. Also that the electric power plant has been completed. The desert camp will now have electric lights and power.

BIRTHS, DEATHS, MARRIAGES, DIVORCE.

Births.

KENNELLY. To the wife of D. J. Kennedy, Santa Monica, Cal., September 20, 1907, at Hospital Good Samaritan, a son.

# THE PUBLIC SERVICE.

## SUMMARY OF THE DAY.

The City Service Commission exempted all laborers in the water department from civil service rules because of the difficulty in securing men.

Councilman Wallace yesterday proposed combination of the City Electrician's office with the building department; but other Councilmen do not like the proposition, and only Dromgold supports it.

A long list of permits was issued by the Police Commission yesterday, among others a wholesale liquor license for Temple street, despite the protest of many W.C.T.U. workers.

The City Engineer yesterday announced that the brick work on section No. 1 of the outfall sewer is within twenty feet of the Ingleside tunnel. Prospects are good for the completion of the outfall sooner than estimated.

J. W. Lamont yesterday filed a suit in the Superior Court against H. H. Stevens, who induced him, he alleges, to trade realty for a business which was raided yesterday for gross violation of the pure-food laws.

Edward and William Proleau, colored, in the Justice Court yesterday, told of a brotherly feud in which it is alleged, much property was destroyed.

W. C. Lowe, in a complaint filed yesterday in the Superior Court, is charged with trying to secure bonds which do not belong to him.

W. D. Cason was convicted in the Police Court yesterday of calling Signor Vassella, leader of the Royal Italian Band, "spaghetti face" and other names. Thirty witnesses from Long Beach testified.

Stanley B. Wilson and J. H. Smith were arraigned in the Police Court yesterday and pleaded not guilty to the charge of disturbing the peace. They will be examined October 8.

## AT THE CITY HALL.

## OFFICE ROOMS FREED OF TAX.

## BUSINESS MEN WIN OVER THE CITY COUNCIL.

Legislative Committee Considers Various Other Changes in License Ordinance, and Will Give Further Hearings to Commercial Interests. May Increase Rates on Vehicles.

The Legislative Committee of the City Council yesterday forenoon took up several sections of the license ordinance and discussed them with a view to making changes.

Representatives of various office buildings were present, including Marco Hellman, F. W. Blanchard, E. A. Fowley, F. W. Fletcher and K. Macdonald, and their attorney, Edward W. Lee, presented their claims as to the unreasonableness of the special tax on office buildings. He asked that the Legislative Committee recommend its repeal. This recommendation was made at the adjourned session of the Council in the afternoon, and the Council repealed the clause, with the provision that it should in no manner affect the standing of the cases now in court for the collection of back-license fees.

The subject of adopting a new basis of reckoning the number of street cars which ought to be maintained was discussed and it was the suggestion of City Attorney Hewitt that the cars in operation on the city streets between the hours of 6 and 7 in the evening be taken as the basis of computation.

Edmund Zeehdelaar, of the Merchants' and Manufacturers' Association, urged that a change be made in the provisions for taxing vehicles. He claimed that the hacks, which use the streets almost all the time as their headquarters, should be taxed more than they now carry. They are taxed but \$2 per quarter, while laundry wagons are taxed \$3; yet the hacks result in much littering of the streets.

Attention also was called to the existing situation of taxing various classes of vehicles while others go free. For instance, while the laundrymen, with their light wagons, have to pay a license fee of \$2 per quarter, for wagons, \$3, and those who do laundry and brick wagons, \$1. All of these, said Mr. Zeehdelaar, do more damage to the streets than do the lighter vehicles.

An ordinance is to be presented, providing that not more than six hacks shall stand in one block. It was stated yesterday that hack drivers pay as high as \$50 per month to owners of buildings for the privilege of standing in front of them.

The license ordinance will be further considered by the Legislative Committee before it makes its recommendations to the Council, and at its next meeting, at 9 o'clock, the hotel men will be represented by Attorney Macdonald.

**TEMPLE STREET "WET."**  
GROCER MAY SELL LIQUOR.

There was a lively contest before the Police Commission yesterday afternoon relative to granting F. G. Johansen a wholesale license for No. 50 Temple street. Johansen had his permit, but not without protest from prominent Y.C.T.U. workers, who have a particular interest in the locality because of the proximity of the Temperance Temple, at Broadway and Temple street.

The women were led by Mrs. Katherine Pierce Wheat and Mrs. Marion T. Boyd, and they had Nathan Newby as their attorney. Johansen was represented by Attorney W. T. Craig.

Johansen tried to argue his case in connection with a grocery store which he will open in a new block at Temple and Oliver streets. The women said they wanted the grocery proposition over on a hill to secure a wholesale liquor business in the district. The petitioner had a majority of the frontage on both sides of the block, and all of the members of the commission, except Mayor Harper, voted to give them the license.

**LIQUOR LICENSES.**  
THESE MAY NOW SELL.

Yesterday seemed to be a sort of bargain day for restaurant-liquor licenses at the meeting of the Police Commission. Here are the grantees of licenses: M. Derpich, No. 199 West Ninth street; Ramirez & Morton, No. 317 West Second street; Manuel Ordóñez, No. 113½ South Spring street.

The commission denied the application of P. Schmidt for a restaurant liquor license at No. 449 Central avenue. A communication was read in which Howard E. Huntington withdrew the application of the Los Angeles Railway Company. He said the company now deemed the place undesirable.

A transfer of saloon license was granted from John Berg to Daniel Poggi, at No. 201 Aliso street. The application of John Moran for a restaurant liquor license for No. 294 North Main street, was continued one week.

and the same action was taken on the "break. I don't know who threw it, but it was thrown all right.

"I noticed that two or three show-cases were broken. I don't know how many.

The glass was shattered, too, the window was fired, and that afterward he saw Ed Proleau out in the yard, throwing bricks at his brother's house. Gimbel could not give any definite information about this second battle between the brothers.

The complaint sworn to by the plaintiff enumerates more than two-score of items alleged to have been destroyed in the first encounter, including a silk broadcloth, and a boy wearing a shiny silk hat, appears for garnishment, as he had applied for a permit to operate as a clairvoyant. After putting the applicant through a catechism as to his previous abodes, Major Harper solemnly announced that he thought the best thing would be for the members of the commission to personally visit the prophet and watch him conduct his business. The permit was granted.

William Windsor was given a permit to practice phrenology; W. R. Murphy got a permit to establish a sales stable at No. 738 Santa street; auctioneer N. G. 419 South Spring street, and A. H. Greenwood of No. 242 South Spring, while employment agency permits were issued to M. Ide of No. 220 North San Pedro street; E. A. Roumains of No. 101½ South Broadway, and W. H. Smith, No. 463 Central avenue.

**RUSHING TUNNEL WORK.**

City Engineer Hamlin's reports of the progress of work on the city's outfall sewer indicate that the great drain will be completed and in actual use sooner than the estimates of a month ago. Yesterday the brick work on section No. 1, reaching from the city to the Ingleside section, had been completed, and the contractor has been paid that caused much difficulty, while within the tunnel itself there is less than 1000 feet of brick work to do. Work on the lower end of the outfall is in good shape, and it is possible the whole system will be completed by the middle of November.

**CHARGE AGAINST LOWE.**

**INJUNCTION SUIT IS FILED.**

Alleging that T. S. C. Lowe, founder of many gas companies, is insolvent and is making an attempt to get hold of property which does not belong to him, to bolster up one of his concerns, W. N. Goodwin yesterday filed suit for an injunction against the Title Insurance and Trust Company to restrain it from honoring Lowe's order.

The complainant states that the People's Gas and Coke Company, authorized to assume an indebtedness of \$400,000, has issued \$30,000 in bonds signed by the president and secretary, which are in possession of the defendant company.

The plaintiff alleges that he has learned of a paper signed by T. S. C. Lowe and C. R. Taylor, as president and secretary of the People's Gas and Coke Company, ordering the Title Insurance and Trust Company to deliver the bonds to some person or corporation unknown to the plaintiff. It is stated that this paper has been prepared without the authority of the president or secretary of the People's Gas and Coke Company by T. S. C. Lowe for the purpose of getting possession of the bonds for his own use or the use of some corporation in which he owns all the stock.

The complainant alleges that the People's Gas and Coke Company has sold all the bonds in question, and that T. S. C. Lowe has no legal claim to them.

Goodwin brings the suit as a member of the board of directors of the company, to which, it is stated, he was elected on March 12. He asks that the defendant be restrained from delivering the bonds to T. S. C. Lowe or to any corporation other than the People's Gas and Coke Company.

**GETS TWO THOUSAND.**

**WOMAN RUN OVER BY AUTO.**

Addie E. Fenn, for injuries received in being run over by Ion L. Clark in an automobile on December 24, 1906, yesterday was awarded \$2000 damages by a jury in Department Seven of the Superior Court.

The defendant appeared to make a bad impression by speaking with disengagement of the plaintiff. He seemed to feel that he should not have to pay anything for running over her. He had paid \$20 for her room in the hospital, and \$100 for her medical expenses.

The defendant was unable to express himself in expressing disengagement with the room.

In her complaint, Mrs. Fenn stated that she has been unable to walk without assistance since the accident, or to sit upright; and that she and her mother have been dependent on her own efforts since her husband died.

She asked \$20,480 in the complaint.

**MUST GIVE FULL WEIGHT.**

The City Council yesterday adopted an ordinance regulating the sale and weighing of ice, in accordance with the requirements given. The "spaghetti face" ordinance also provides for full weight or measurement in such articles as wood, coal, hay and like commodities.

**WANT RAISED SIDEWALK.**

M. A. Newark and Co. have petitioned the Board of Public Works to construct a raised sidewalk along their property at Banning and Alameda streets, where a whole sale house is being erected. They desire a sidewalk that will be on the same level as the floors of freight cars to facilitate loading and unloading of merchandise, and public hearing on the matter will be held on October 7.

**FEED GOES SKYWARD.**

On recommendation of W. R. Ormsby, purchasing agent for the Los Angeles aqueduct, the Board of Public Works yesterday ordered the advertising of contracts for furnishing the city with 500 tons of barley. Ormsby called the attention of the board to the fact that barley is constantly advancing, and that the city can make money by purchasing as soon as possible. He said there has been an advance of \$2 in the past six weeks, and that barley is now hard to get at \$2 a ton.

**AT THE COURTHOUSE.**

**SODA BOTTLES IN A SHOWER.**

**SUIT FOLLOWS WRECKING OF GROCERY STORE.**

**COLORED BROTHERS DISAGREE.**

One Accusing Other of Unpleasant Remark About First's Wife—Then Hammer Is Wielded, Shot Is Fired and Bricks Are Thrown.

**MONSTROUS DESTRUCTION.**

At No. 244 Santa Fe avenue, on July 2, was charged by Ed Proleau, and Mrs. Rosa Proleau, in action for damages which came to trial yesterday in Justice Summerfield's court. The principles are colored folk.

From the testimony it appears that the hitherto neat appearance of the store, with its glass windows, was in full swing, when Jesse Gimbel, a white man, came in from his machine shop next door.

"There was general demoralization in the place," testified Gimbel at the trial yesterday. "Yes, I know there was one bottle of soda water thrown, for it hit me in the head. It didn't

hit me in the eye."

**COURTHOUSE NOTES.**

**BREVITIES MISCELLANEOUS.**

**ALLEGED QUACK FINED.**

Justice Selph yesterday imposed a fine of \$400 on Walter R. Dowlin, of Pasadena, for practicing medicine without a license.

Dowlin, who practiced "oxidizing the blood by mechanical means," though he appeared to be an osteopath, was arrested on a complaint sworn to by detective in the employ of the State Board of Medical Examiners. He was accused of malpractice in January. After the fine had been imposed he gave notice of his intention to take an appeal to the Superior Court.

**PONET GETS JUDGMENT.**

**A** decision has been handed down by the District Court of Appeals in the case of Victor Ponet against the Los Angeles Brewing Company, affirming the judgment of the lower in court in favor of the plaintiff. Suit was brought to collect rent for two months on a lease of a building occupied by an agent of the brewery.

**LETTER-OPENING TRIAL.**

Garner Curran of the Curran Printing Company was on trial in the United States District Court yesterday, charged with opening letters addressed to A. S. O'Neill, a former business associate.

O'Neill was not divested of his suit, and it was left to inference that the letters contained information of much value to the defendant. The case will be resumed this morning.

**LAWYER'S DAIRY.**

**NOTICE TO ATTORNEYS.**

for 2

IENCE NOTES.

## MUSIC AND THE STAGE.

100,000 Pupils Defective. President C. C. Burlingame, man of a committee, was investigating the condition of children in all larger cities. Boys and girls are behind the scenes because of the fact that they could be remedied with attention, or about one-third school attendance.

Autostage Gas. has been established at Waukesha, for welding with the blow-pipe flame. The oven flame has a temperature of over 2,000 degrees, and the oxy-hydrogen flame about 1,700 degrees.

Power of the Brain. In hospitals they are working on a color cure, starting with a dipper that seem fully to penetrate the brain. New facts that they claim to have discovered before possible treatment is given to the soft shadings of the nerves.

Deafness. A deafer patient, because of some nervous disorders in his mother, has a very soft character, and is easily excited.

Man From Mexico. The perennial "Man From Mexico" is compelling the laughs at the Belasco Theater this week. Doubtless there's a regular theater-goer who hasn't missed one or more productions of this vigorous old farce, but that matinee appears to make no difference in popularity.

Costume. Lewis Stone as the perennial "Man From Mexico" is the best of the best of all comedians, and the most popular.

William Blaisdell, comedian formerly of the Jeff de Angeles role in a number of large productions, arrived yesterday, and will make his debut on Broadway as the principal comedian of today's Opera Company, at the Los Angeles Theater.

William Blaisdell, comedian formerly of the Jeff de Angeles role in a number of large productions, arrived yesterday, and will make his debut on Broadway as the principal comedian of today's Opera Company, at the Los Angeles Theater.

Mr. Blaisdell is doing well.

## EVENTS IN LOCAL SOCIETY.

er, Mrs. N. S. Averill, Mrs. A. T. Stewart, Mrs. John H. Peckham and Mrs. Hobbs. The little Misses Ada and Pearl Peckham received the guests at the door.

**Quietly Married.**  
Miss Marian Bear and Dr. John B. Cook were married Monday afternoon at 5 o'clock in the parlor of the First Presbyterian Church. The ceremony was witnessed by the mother of the bride and the mother of the groom. Dr. Cook, who is the present physician of this city, will take his bride to the Lankershim to live.

**Silver Wedding.**

In honor of their silver wedding anniversary, Mr. and Mrs. Frank Jacobson entertained their relatives with a reception at the First Swedish Baptist Church.

**Ledyard Arrives.**  
Dr. F. K. Ledyard of San Jose, a prominent professional man and brother of the kindest-hearted surgeon of Los Angeles, Miss Mary Ledyard, came to Los Angeles with his family to establish a home. They are located

Miss Helen Nevin,  
whose wedding next week will be a  
fashionable affair.

**NEWS** of the approaching wedding of Miss Helen Nevin and Walter Comstock will cause quite a flutter in the ultra fashionable world. Miss Nevin, who is a remarkably pretty young woman and a recent debutante, is the daughter of Mrs. W. G. Nevin of No. 700 Garland avenue. The wedding, which will be a quiet affair will be solemnized next Wednesday at the home of the bride's mother. Mr. Comstock is associated with the Salt Lake Railroad.

**Old Families United.**  
Another interesting announcement is that of the wedding of Miss Lillian Murdoch, daughter of Mr. and Mrs. George Murdoch of West Adams street and grand-daughter of Mrs. Ann Joughin of No. 2001 West Adams street, to Walter D. Sanborn, son of Dr. F. A. Sanborn, of this city, which took place yesterday at the bride's home. Mr. Sanborn, who will take his bride to the City of Mexico, where they will make their home, is a capitalist of that city.

**Nortons to Return.**  
Mrs. John H. Norton of No. 434 West Twenty-eighth street, who with her daughter, Miss Amy Marie Norton and her niece, Miss Barnett Norton, has been spending the summer in the north, will return the early part of October.

**In Honor of Tuesday.**  
Sidney M. Grannis was the guest of honor Tuesday at several delightful affairs in celebration of his eightieth birthday anniversary. In the morning a company of friends arrived at his home and a mucky house was opened. Later in the day he was entertained with a luncheon and, in the evening, Mrs. J. H. Mallows gave a dinner party in compliment to Mr. Grannis and J. W. Parker, who also celebrated his eightieth birthday. Thursday evening, too, Mrs. Z. Cokinoy of No. 560 West Twenty-seventh street, entertained with a surprise party. The decorations were cut flowers and ferns.

**Merry Circus Party.**  
Among society people who enjoyed the circus last evening was Mr. W. J. Brodrick of No. 1896 South Figueroa street, where guests were Miss Aileen Jewett, the Misses Francisca, Anita and Lucy Brodrick, Clarence Bessing, Percy Halibrand and Walter Schmahl.

**Dancing Party.**  
In honor of Miss Laura Kurtzman, who left recently for her home in St. Louis after visiting Mr. and Mrs. J. Bond Francisco, Miss Lily Olshausen of No. 140 St. Andrews' Place, entertained with a farewell dancing party. Fifty guests responded to invitations.

**Bonzer-Bush Nuptials.**

An interesting wedding was solemnized recently at the home of Mrs. W. F. Bonzer, No. 949 East Tenth street, when her daughter, Miss Ema Lavina Bonzer and Harris H. Bush were married to Rev. Frederick Müller. Mr. Bonzer was attired in white chiffon taffeta, trimmed with princess lace. Her bouquet was a shower of Bride roses. Miss Besse Watson, the maid of honor, was a pretty gem in pink satin and carried an arm bouquet of pink carnations. The groom was supported by S. Hauser. The ceremony was performed beneath a bower of asparagus plumes and Shafts dales. A large bell, formerly a valuable possession from the center of this Mr. and Mrs. Bush will make their home in this city.

**At Home to Friends.**  
Mrs. Andrew Knox and Mrs. M. A. Kimball entertained yesterday afternoon with an open house at the residence of Mrs. Knox, No. 1864 West Twenty-third street. The home was attractively decorated with smilax, pink begonias and other choice blossoms. The hostesses were assisted in receiving by Mrs. J. H. Morris, Mrs. John J. Hall, Mrs. J. S. Harmon, Mrs. D. W. Boom-

Mrs. A. J. Taylor,  
who will entertain with a luncheon.

for the present at Hotel Hollywood. Last Wednesday evening a farewell reception was given in their honor by the trustees, officers and Ladies' Aid Society of the Second Presbyterian Church, while Mr. and Mrs. were long identified. Dr. Ledyard, being president of the board of trustees, and Mrs. Ledyard, the head of the Ladies' Aid Society. Dr. Ledyard was further honored Thursday evening by a banquet given by the Santa Clara Dental Association.

**Notes and Personal.**

Dr. and Mrs. Frank Gordon of No. 812 Bonnie Brae street, left recently for Madison, Wis., where they will visit the doctor's parents.

Dr. W. G. Cochran returned recently from Europe.

Mr. and Mrs. R. A. Rowan were host and hostess at a "circus" party given yesterday afternoon. Mr. Rowan was celebrating his thirtieth birthday and insisted on escorting his wife and a few friends to the circus.

**Louisiana's Telephones.**

The great size of the Louisiana necessitated the adoption of some means by which the navigators on the bridge could communicate their orders to the crew's nest, the forecastle and the aftermost bridge without delay, and it was considered equally desirable that passengers should be able to talk with purser, stewards and the like without incurring the fatigue and delay of a journey which, in a ship of such vast dimensions, might be very considerable.

The system adopted to secure this communicability is that of the telephone, and so thoroughly has it been carried out that no hotel has a complete system of telephonic communication. The advantage of this system and that possessed of the power of rapid locomotion is carried still further, for just as the guest can secure trunk connections and hold conversations with those at a distance, so can the passenger on the Louisiana when the vessel is alongside the stage or wharf at its mooring. This is effected by linking the telephonic system of the ship with the central exchange, thus enabling the passenger from the privacy of his cabin to talk with any one in the town. [Philadelphia Record.]

SHRINERS ISSUE BOOKLET.  
Important Announcements, Financial and Social—Al Malakah Temple Needs Money.

That the lavish entertainment of the visiting Nobles of the Mystic Shrine during the meeting of the Imperial Council in this city, last May, did not rob the treasury of Al Malakah Temple is winning compliments for the local nobles in charge of the financial end of the entertainment. In the fall and winter announcements of the temple, to be mailed to members today, it is stated that not a dollar of the treasury fund was spent in giving visitors good time. Potentate Motley H. Flint announces that about \$65,000 of the temple's funds will be invested in the magnificent building on West Jefferson street.

The little booklet calls attention to the opening of the Shriner Coliseum, which takes place on the night of October 24.

The next ceremonial session will be held Saturday evening, November 25, in the new building. It is scheduled as "the greatest, wildest, wildest show of the season." The Shriners are told last Director Nobles W. H. Hobson had arranged some awe-inspiring instruments of torture for the candidates, over 100 of whom are expected to present themselves as willing victims.

The affiliated organization, the Daughters of Islam, will be placed under regular grades of the High School, giving full university entrance credentials. An unusual large number of university and college students is in attendance, together with a large representation from other normal schools.

Already much interest is shown in athletics—tennis and basketball taking the lead. Musical organizations completed and at work are the Girls' Glee Club and the Normal School Orchestra, the latter comprising fifteen pieces. Another live student organization is the Normal Y.W.C.A., which has recently published a neat and useful students' hand-book, and which is already announcing a number of social entertainments.

The faculty of the school remains the same as last year, with the exception of that of the girls, to be placed under regular grades of the High School.

Secondly, Main Street, when a man came up to me and asked what car to take for Pasadena," said Walters. He was under the influence of liquor. "At that moment another man stepped up, and after a few minutes' talk with the two men, I took his watch saying that he would pawn it for him. I followed the man and pointed him out to an officer."

**POCKET PICKING ALLEGED.**  
Patrick Walters, an employe of the Sunflower Dairy, caused the arrest of C. Lowrey at Sixth and Hill streets last night. The latter is suspected of being a pickpocket.

Secondly, Main Street, when a man

came up to me and asked what car to take for Pasadena," said Walters.

bly 150 schools being unable to open on time because of this lack.

The close of registration at the State Normal School shows a gain of between fifty and sixty students over the corresponding period of last year. The number of young men in attendance has increased about 100 per cent. While the State of California furnishes the largest majority of Normal students, fifteen other States contribute a share this year, Illinois, Iowa and Ohio leading. The registration will be materially increased during the year, as the new school plan permits entrance of new students at more frequent intervals than heretofore.

A noteworthy feature of the present enrollment is the excellent grade of scholarship represented, the students being regularly granted of the High School, giving full university entrance credentials. An unusually large number of university and college students is in attendance, together with a large representation from other normal schools.

Stylishly cut and carefully tailored suits of fine blue serges and smart gray mixtures, in Buster Brown and Blouse styles, with Sailor and Eton collars—strictly high class garments and well worth \$5 to \$7.50. Choose now at \$3.50. 2 $\frac{1}{2}$  to 7-year sizes.

**J. W. Robinson Company**  
Brown Dry Goods Store  
235-237-239 So. BROADWAY  
234-244 So. HILL ST.  
**Expansion Sale**

Ten to thirty cent Dress Linings at ten cents a yard.

Boys' \$5 to  
\$7.50 Suits . . . \$3.50

\$1.25 to \$2  
Buckles . . . . . 50c

By relieving an over-loaded importer of five gross of these buckles we got a price concession that will allow us to sell at fifty cents, although they are well worth \$1.25 to \$2.

Dozens of distinctly different and decidedly artistic designs in silver, gilt and "Dorantique."

**Millinery Opening**

The most varied assortment of extremely rich Millinery created ever brought from Paris and New York will be exhibited here tomorrow, Friday and Saturday.

No lover of elegance and exclusiveness in matters of dress can afford to miss this event.

**ADD ANOTHER STORY TO WOMEN'S BUILDING.**

Handsome new home of Young Women's Christian Association, nearing completion on South Hill street, showing additional story just decided upon.

NO more story is to be added to the handsome new building of the Young Women's Christian Association, now nearing completion on Hill street, near Third.

Six stories have already been built, and the two others soon will be added. To the surprise of all except those immediately concerned, it was suddenly decided to add one more floor to the seven-story building at first projected.

In taking this important step, the board of managers considered the rapid growth of the city, the rapid growth of the association—now with 4600 members—and the difficulty of adding to a reinforced concrete building after it is once completed and occupied. The final decision was that the largest association in the world needed a story to grow into.

The additional room will be used to bring in revenue for a few years until the need of rooms will be cut into class-room size so that the change will be necessary when the time comes to occupy the new building.

At present, with workmen butting to and fro, with great iron girders going up, and the deafening noise of hammer and riveting machine on steel, the building is far enough along to tell that it is to be one of the most beautiful associations buildings in the world, as well as one of the show places of Los Angeles.

The front is to be in cream-faced stiling, and there even are whispers of marble. A line of brilliant piazzas will run the facade, and a large assembly hall and dressing-rooms and shower baths connected with the gymnasium will be on this door.

Mrs. John H. Jones gave the money to build and equip the sixth, or "educational" floor. It is to be an institution with lecture rooms, and the various branches of learning with a beautifully lighted department for millinery, and a sewing room with machines placed to good advantage.

The seventh floor will be one of the most delightful of all. The board of directors will receive one room, and the Religious Committee another. A large living room for members will be a special feature, and a balcony with windows rounded out on the court will lead from the members' room to the dining room at the rear.

At the broad entrance to the main floor, the vista will reveal the rows of flower beds on the walls of the court each floor.

One also may look from the front door into the large assembly hall which fills the rear of the main floor beyond the court, giving a most effective sense of space and distance through the perspective. Information desk and offices will occupy the rest of the main floor. Above this is a mezzanine floor, which will accommodate

**Underwear at Half**

Broken lines of women's and children's knit underwear at prices averaging much less than half. Children's 15c ribbed cotton vests, five cents, Children's 25c and 35c vests and pants at ten cents each.

Women's 50c ribbed cotton vests and pants at 25c.

Women's \$1 cotton union suits at fifty cents.

Women's 25c ribbed vests with ribbon-run neck and arms, 15c.

Women's Swiss silk vests, plain and fancy yokes, reduced a third.

Rear of Annex

**Miscellaneous Offerings in Art Goods**

Splendid showing of French glassware came on Monday; and, because of so much more goods coming in before the new building can be occupied, we mark these for speedy clearance.

Vases in many quaint and artistic shapes with a delicate fern design etched on beautiful blue glass—radically different from any heretofore shown—specially priced at 75c and \$1.

Small tube-shaped rose bud-holders in the white and shaded green glass—very effective table decorations — thirty-five cents each.

Beads of all kinds for the fancy necklaces so much used right now. Half the usual cost of the ready-made necklaces may be

saved by buying the beads and stringing them yourself which anybody can easily do.

Odd vases, brassware and glass that stand in the way of household stocks are to be forced at practically a third less than the prices obtained for them.

**EXTENSIONS.**  
**NEW TERRITORY  
IS OPENED UP.**

LOS ANGELES RAILWAY ENTERS  
A HILL DISTRICT.

Two Branch Lines Invade New York Valley and Northern Section of Garvanza—West Tenth Street Line Will Soon Be in Operation. Lack of Cars Felt.

Two extensions of the Los Angeles Railway tracks will be opened October 1. These extensions are practically new lines branching from the present terminal of the Garvanza line at Pasadena avenue. One is the branch running out Eagle Rock avenue to the city limits, where it enters upon a private right of way and continues through the valley for about three-quarters of a mile.

The other extension is that along New York street and leading in a curve backward through New York Valley to Avenue 50. This line especially opens up a well built-up section of this foothill country bordering the city limits, and for a long time the people of this district have been agitating for a car line, and raised a bonus to help build it.

An arrangement has been made to run cars over these two branch lines. Every alternate car will go east, first on one line and the next trip on the other. At the northern terminus the car line will be changed, and passengers on Main street will see one car bearing the sign "New York street," and the next "Eagle Rock avenue." On their next trip these cars will change signs.

The same roadway will be maintained over the Garvanza line as at present, but to make up for the longer trip and fill the gap two extra cars will be placed in operation on October 1.

Still another extension which Superintendent Allen stated yesterday would be opened within thirty days, is that of the West Ninth street, which branches off at Parkview avenue and then runs on to Twelfth street to Vermont avenue. The new extension will be from Vermont avenue to Gramercy Place and the Country Club grounds.

Never before at this time of the year has the number of cars been so heavy in this city as now. The street cars are not only loaded to the fenders during the busy portion of the day in the morning and afternoon, but all during the day they are crowded, and oftentimes passengers are forced to stand.

One reason for this is the inadequate supply of cars in use over the busiest lines. There is almost no chance to get new ones for a long time to come, and the big factories in St. Louis and elsewhere are crowded with orders and will take new ones only subject to delays, and then only for a long time ahead.

**THE OIL INDUSTRY.**

**OIL NEAR RENO  
SEEMS ASSURED.**

"MASCOT" DRILL TONES DOWN TO THE EXPERTS.

Prospects at Reno Full of Possibilities for Nevada Mines—Find Near Rhylite Looks Good and Drilling Operations May Begin at an Early Date.

Oil developments that promise to add greatly to Nevada's wealth, besides reducing the maximum cost of fuel for operating mining machinery to nearly one-twentieth of the present cost, are being made by the Nevada Oil and Development Company of Reno. Three miles west of the town, the drill worked its way down to a depth of 1600 feet and is now in the Trenton rock formation, where natural gas has been found. Experts say the failure of the well is impossible, although when the rig was erected nothing but dark prophecies were heard regarding ultimate success, the location being regarded too far above sea level.

The well was located by John Frank, a well-known expert, and besides the Reno well, he has discovered an immense field near Rhylite and another in the central part of Nevada.

When the Missouri oil men called to superintend the work at Reno he refused to accept unless he was allowed to bring a "mascot" drill that made nine successful producers in Southern California. The drill has made good and its tenth venture seems to promise a new industry for the sagebrush State.

The discovery of oil in Nevada means much to Nevada miners, with coal quoted at from \$20 to \$25 a ton at Reno and \$10 at Fairbanks, Alaska; at Tonopah, Goldfield and adjacent towns it comes nearly as high, while at Manhattan and Round Mountain it hits the \$5 mark. Two dollars is quoted as a high market for coal that oil will bring, and it probably will not exceed \$1.75. For fuel purposes three barrels of oil takes the place of a ton of coal and at the maximum figure this will be a saving of 66 1/2 per cent. for fuel.

The possible maximum output of 25,000,000 barrels from California fields to meet a \$1,000,000 barrel demand means that the possibilities of Nevada's oil industry would not be confined to her own State. The Southern Pacific, which operates its Coast division by oil, mostly likely will equip its inter-mountain lines with oil burners upon the event of the industry making good in Nevada. Foreign experts, however, claim a large amount of product.

Frank's second big find near Rhylite consists of an oil channel averaging over 500 feet in width and extending for 10 miles. Preparations for early drilling operations have been nearly completed and with the success of these wells, Rhylite would become the greatest low-grade mining camp in the world. All the ground in this camp has been taken up in placer locations by Frank in company with William H. Shantzler of Goldfield.

The third field near the central part of the State easily comparable with the Rhylite oil field for size, is the Salt Lake and Ordin in Utah, which would also be able to draw on these fields at a cost below the present price.

Frank has recently been locating wells for British capitalists in Athabasca and will shortly go into the Yukon country for the same syndicate. At present he is planning an expedition to locate a fourth field in Nevada at a point where he thinks all surely will be found.

**BAD INDIANS, PERHAPS.**

Ten Indians on Charge of Participating in Outbreak Near San Jacinto.

Woman Captive.

Ten Indians implicated in the outbreak at the reservation near San Jacinto early last week, were brought to this city last evening and all surely will be found.

# TRUSTEE SALE

## THE SHOE STOCK OF

The Bon Marché  
Le Sage Brothers Co.

# TO SATISFY CREDITORS

430,432,434 BROADWAY

The entire shoe stock of Le Sage Brothers Company—The Bon Marché—is to be sold to satisfy creditors. The dry goods, ready-to-wear garments, and millinery, were sold in bulk—but it was decided to sell the shoes at retail, rather than sacrifice them at 50 cents on the dollar of wholesale cost, which would mean

### Less Than One-Third the Regular Retail Prices

It being the desire of the Trustee to wind up the affairs of the company as quickly as possible, the sale will be short, sharp and decisive.

It is not a question of profit. Even Cost cuts no figure now. "Half Price" doesn't begin to tell the story. The stock has got to be turned into money ---at once.

This will be unquestionably the most notable Shoe Sale ever held in Los Angeles—not alone from the size of the stock, but on account of quality.

The name Le Sage Brothers has been coupled with "Good Shoes" for many years—and the Bon Marché stock was ordered expressly for fine trade.

The whole of the first floor of the Bon Marché Building will be required to handle this immense stock—much of which has never, until now, left the reserve rooms.

Over nine thousand square feet of floor space devoted to shoe selling. It will be a sight well worth seeing—aside from the Money Saving opportunities the event affords. The shoes will be sold to individuals, retailers and jobbers—for what they'll bring. First come first served.

The sales force has been greatly augmented—in order that everybody may be promptly waited upon.

### Sale Begins Tomorrow, Thursday Morning

Doors Open at 9 O'clock; Come Early

**BIGAMY CHARGED.**

Second Wife of Patrolman Who Thought First Was Divorced Says She'll Stand by Him.

Patrolman David I. Beasley, who married Emma B. Rause in this city July 22, yesterday was charged with bigamy in an information filed in Justice Selph's court.

The complaint was sworn to by J. M. Rause, a half-brother of the accused Mrs. Beasley, who it appears, had taken a dislike to his brother-in-law and sought out his record in Justice Selph's court.

The officers would result in the arrest of the accused if he would not be tried with that and any attempt to resist the officers would result in the arrest of the accused.

It is believed by the officers that the Indians would have resisted arrest but for the commands of their chief.

GOES TO CZAR'S COURT.

ST. PETERSBURG, Sept. 24.—Yesterday the trial of Harbin, Manchuria, has been appointed Minister of China at St. Petersburg.

New Town of Corcoran.

Kings county, Cal., now on sale, surrounded by several hundred thousand acres highly productive land, proven unsuited for sugar beets, vineyards and fruit trees. One of the best-watered sections of the state, being the finest dredged beet-sugar factories now being built in the state.

## DIVERSION OF TRUNKS. OVERLAND MAID IN THE TOILS

### GIRL TRAVELER IS ARRESTED IN PASADENA.

Claims Relationship to Prominent Iowa Man, Which Relationship Is by Him Denied—Woman Accused With Rhuamutism Waits to Wed a Turk—Pacific Electric Franchise.

Offices of the Times, No. 5 South Raymond ave., PASADENA, Sept. 25.—Grand larceny was the charge placed against Trellis Edna Harris when she was arrested yesterday for the theft of two railroad tickets and two trunk checks from Rufus Williams and two negro women who were en route to Pasadena from Marietta, Ga.

The woman claims to be a sister-in-law of P. F. Cummings, former representative in the Legislature of Iowa, and former County Attorney of Marshall county, in the same State. She says that her relatives own a ranch below Cananea, and another near Mexico City. According to her ticket she was en route from Memphis, Tenn., to San Diego. Somewhere between Newton Kan. and Las Vegas N. M., the Harris woman obtained the tickets of the Rufus Williams party, and the trunk checks.

She arrived in Pasadena Saturday and registered at the Carlton Hotel, where she had the three trunks sent, quite as a matter of course, on the presentation of the checks. She was penniless, and broke open the trunks to take out parts of the clothing and sold it. Then Trellis went out and got a job as a domestic in one of the best families she is in the one-looking girl of the police type of Madonna of the slums. She can sleep easily and has big eyes and fine figure. In this guise she had no difficulty in securing a place as a domestic.

It seems that she felt confident that the members of the Rufus Williams party were securely tied up somewhere back on the line for the want of their railroad tickets. She arrived this morning through the courtesy of the Santa Fe officials, and were surprised when their trunks had disappeared. The case was placed in the hands of Constable Walter Austin, who turned it over to his deputy, Carpenter, and within a few hours the woman was located.

When arraigned before Judge H. H. Klamroth yesterday, the girl admitted the theft of the goods and the selling of a portion. She said that the checks and tickets were handed to her by a man in a suit, who said he and she would take the whole blame. Her bonds were fixed at \$100 and her preliminary hearing was set for 2 o'clock on Thursday afternoon.

After she was taken to the jail Trellis consulted the constable in charge, her husband, William Harris, who resides in San Diego, and is a half breed Mexican, according to her story. How the girl came to know people in Los Angeles and Santa Ana she refuses to disclose, although she claims to be of a good family and gives the address of an alleged brother-in-law in Marysville, Calif.

In the course of her stay here the woman right herself out of the misery of the narcotics whom she robbed. She has a handsome court and a pair of fairly good Mexican women's spurred boots. She took several rides about town and made several men acquaintances during her stay here. The police think she is an old-time thief.

A dispatch received last evening from Des Moines, Iowa, says that E. F. Cummings, when interviewed by long-distance telephone at his residence in that city, said he did not know whether he or his wife had any relative names Edna Harris. He disclaimed all knowledge of any such person.

### ACCEPTS A TURK.

Mrs. Alice Shafer's marriage to a native of Turkey, Anton Bader, is postponed, because she has rheumatism. She lives at No. 136 Dayton street, and has known her Turk only two weeks. He is anxious for the wedding, so took out his license yesterday. Mrs. Shafer, who is engaged in running a tea room and some city lots, is the bride-elect is waiting to get the consent of Father Farley of this city to marry a subject of the Ottoman Empire, and hopes to be well enough to attend the ceremony on Thursday. She wants a good man and will accept almost any one willing to stand up, as she says she wants Anton as soon as possible.

Mrs. Shafer is the step-mother of Carrie Moore, who, about six months ago, donned boy's clothes and eloped with a man. The man was afterward arrested while attempting to ride the rods on a freight train. Mrs. Shafer met her agent Turk when she was visiting an Englishman here named Daniel Hill at the Greek Club, Hill and Mrs. Shafer are engaged to be married. The bride-elect is waiting to get the consent of Father Farley of this city to marry a subject of the Ottoman Empire, and hopes to be well enough to attend the ceremony on Thursday. She wants a good man and will accept almost any one willing to stand up, as she says she wants Anton as soon as possible.

### ACCEPTS FRANCHISE.

At the meeting of the City Council yesterday the Pacific Electric Railway, which was expected, secured the franchise offered by the city to double track the downtown lines. The Council deposited a certified check for \$5000, as required by the ordinance as the price. The work is to go ahead without hitch. When the ordinance to tax the Sun- set Telephone Company and other telegraph and telephone companies which were to be taxed, was introduced, one of their gross income came before the Council yesterday, the hearing was postponed at the request of Local Agent Agate until Friday at 3 o'clock. The Council was informed that E. Z. Filiberto, chief counsel, and Manager Bradley of San Francisco and A. C. Carroll, general agent at Los Angeles, would be present to discuss the matter. At the same time Mr. George W. Perry, the author of an ordinance to tax the telephone company, was amended so as to bring the ordinance more nearly within the provisions of the Federal statute, which provides for the construction of telegraph and telephone lines by the government of the same. The revised ordinance was put upon its first reading. As the matter now stands, the Council will meet the Sunset Telephone Company's possible refusal to take out a city permit with a grant of franchise for six months per year in the city, and will make this provision so general as to include all other companies doing business here without city license.

Consideration of the garbage incinerator bill by George H. Hill, salvage agent of the Southern Pacific, was set for today, Wednesday, at 2 o'clock p.m. There is a disposition to meet the proposition of Hill if he will come with proper restrictions.

As had been predicted, residents of Los Robles avenue brought their com-

## SEEKS SEAT OF NEW COUNTY.

San Dimas Proposes to Offer a Handsome Bonus for That Purpose.

(BY DIRECT WIRE TO THE TIMES.)

SAN DIMAS, Sept. 24.—(Exclusive Dispatch.) This city has actively entered the fight for the location of the county seat in the event of the formation of the proposed new county of San Antonio. At a meeting of the Board of Trade tonight, subscriptions amounting to \$65,000 were secured as a bonus for the location and it was stated that there is \$35,000 more in sight.

The town here also offers a site of about ten acres for county buildings, which site is valued at \$20,000. The ten-acre plot is located about one block north and three blocks east of the Santa Fe depot.

The town here urges as one of its chief claims to consideration on the question of location of the county seat its accessibility, it being readily reached by rail from the principal points in the projected political division.

Thus San Dimas steps forward as a rival of Pomona for the county capital, for which honor much of the fight put up by Pomona for the county division has been made.

\*\*\*\*\*

plaint before the City Council, but the discussion between the property owners and the agents of the Bithulic and Barber companies did not throw any light on the subject. The residents of Wilson avenue also filed protests against the actions of the commissioners in widening that thoroughfare, all of which will be heard later.

At the afternoon session of the Council, carbines and guitars were ordered to be fired, and the bids for the wiring of the police telephones and the fire engine-houses were reported. Gaylord and Moore offered to do the work for \$382. H. L. Miller for \$386.50, and Homey for \$385.

PASADENA NEWS NOTES.

California Life, a graphically written periodical, has made its first appearance. It is illustrated with 13 views of Southern California and its business interests. Among the interesting paragraphs is the following: "Los Angeles, a city of over 500,000 of both nationalities, whose leading business man brought with them both wealth and experience gained in older eastern cities, has the advantage of starting at the point where many older cities have only reached through expensive experiments. While other cities were starting with striking and riotous most peaceful arbitration seems to be the outcome of all differences much to the benefit of all parties concerned and the general good of the city. Relative to the subject of strikes, riots and disorders in general, we must give due credit to the People vs. James Rodick, cited from the People's Journal, which recently convicted of the Bithulic and Barber companies of violating the law in their work of education in the way of smiting hoodlumism in the labor unions has obliterated that element, kept capital and labor friendly, enabled all Southern California to make progress like no other community in all Christendom, and earned for itself the reputation of being the strongest newspaper in America."

The Trustee are not willing altogether to accept the opinion of McSwain, although he is recognized as an expert, and has been decided to call one well to test the land before it is disposed of.

### MANAGER RIDES OFF ON HORSE.

### GLOBE BROKERAGE OFFICE NOW OUT OF BUSINESS.

Proprietor Announces Intention to Pay Dollar for Dollar—Failure Said to Be Due to "Flyer"—Last Member of Grindell Expedition Believed to Be Dead—Storm Floods Bisbee.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

BISBEE (Ariz.) Sept. 22.—E. W. Armstrong, manager of the Kinsey brokerage office at Globe, has been heard from in the closing of the Kinsey office. It went away; it is said, to save \$5000 in personal funds, which might have been attached by Kinsey's creditors. Armstrong left Globe on horseback, September 12. He rode across the Pinal mountains by trail to Christmas and Winkelman, thence up the San Pedro River to the border line, which he crossed nearly south of Bisbee. From that point he went to Cananea. A total distance of 250 miles was covered in four days. He and his horse were in sad plight upon arriving at Cananea. He had so little money that he had to go with a friend on a trip of inspection to the mines of Arizona district, twenty-five miles south of Cananea.

The Kinsey failure was a direct result of the failure of Duse & O'Neil, of Bisbee. Kinsey was absent at the time of his residence tour. In reply to Armstrong's telegram, he wired to him that he hoped to pay dollar for dollar, and that he was about to start for home. Kinsey returned to Globe yesterday, and gave positive assurance that none

of his customers would lose a cent, though it might take a little time to adjust his troubles. He said that Armstrong had written him that he desired to lease his office, so as to accept position as mining engineer in Sonora. It is reported that one cause of Kinsey's financial trouble was the loss of a \$20,000 "flyer" in Union Pacific stocks.

L. J. Overlock, of the firm of Duse & O'Neil, has just arrived from Europe, having been abroad for a month, and now is busy with F. R. Harrington in adjusting the affairs of the bankrupt brokerage firm. He refuses to make any statement whatever concerning his intentions, and claims to be as much in the dark as any of his creditors.

### BLOODY FATE SUSPECTED.

It is probable that Adolf Hoffman, last survivor of the ill-fated Grindell expedition to Tiburon Island, has met a bloody fate in a cañon of the Huachuca Mountains. Several days ago he hired a horse and buggy from the Palace stable in Bisbee. He was headed for Benson, and was last seen at the latter place, where he purchased a plentiful supply of provisions. Upon this evidence, the lively stable proprietor lodged complaint against Hoffman, alleging theft. Nearly a week ago the horse and buggy were found lying on the plains near the Huachuca Mountains, and later the buggy was found, overturned, in a mountain cañon, with blood on the seat. Near by was a suit case and the harness. Sheriff White has gone to make further investigation.

Hoffman's experience with the Grindell party was one of the most tragic in frontier history. After the other explorers were dead, he painfully worked his way southward along the Gulf of California for two weeks, living on cactus fruit, and quenching his thirst by drinking water in a teapot. It has been thought that his sufferings at the time unthinkingly his mind.

### KILLED BY FLYING ROCKS.

The latest death in the Bisbee mines was that of John C. Krumlin in the Wolverine and Arizona mine. While digging with a pick at the end of a tunnel he struck a dynamite cartridge that had been missed. The resulting explosion bombarded the miner with

rocks, and his injuries proved fatal within a few minutes. Immediately behind him was working A. E. Braund, who was also killed. The fatality of Krumlin acted as a shield against the flying rocks. Krumlin's body was shipped to his old home, San Miguel, Cal.

STORM FLOODS CITY.

Last Tuesday the heaviest storm in twenty years visited Bisbee flooding the city. The water, fed down from Tombstone Cañon, and for a while it was feared that the subway would be overtaken and the water would be forced down the main business street. But about the time the majority of the streets were reached the stream diminished in volume and little damage was done. Some of the roadbed of the Cananea and Southwestern railways was washed away, but the tracks were soon repaired.

### WOMEN'S FEDERATION.

The annual convention of the Arizona Federation of Women's Clubs will be held in Tucson November 5, 6 and 7. On November 5 the delegates will be the guests of the Woman's Club in Tucson. The federation now has a total membership of 650, divided among seventeen organizations. Among the newest chapters are Mrs. Sarah Evans Cowles and Miss Merrill M. Griggs of Los Angeles.

### LETTERS TO THE TIMES.

The Times freely publishes the views of correspondents without holding them responsible for writers' opinions. We brief, write plainly, state clearly. The space of 20 words, on the average, is sufficient for the point. Well-written letters are welcome. Use the post office box.

### The Bricklayers' Association.

LOS ANGELES, Sept. 24.—To the Editor of the Times:—Feeling that we are very much interested in your paper and unknown to others, we wish to let the public at large to know the truth concerning the Bricklayers' Association of Los Angeles, whose motto is, in every sense of the word, "A square deal." We are neither agitators, strike breakers, bobbies nor scabs, but working citizens of Los Angeles, who be-

lieve in real freedom, and not the kind that makes the other fellow a slave. We believe in employees or employers. We love our home city, and have organized to help keep it ever free. Others are coming in from every State, and we hold out a welcome hand. We are builders and not destroyers. We are free men, and not slaves. This could not be said of some of our members, but the bonds have been broken, and now they're rejoicing in the freedom we intend and also wish others to enjoy.

As free men, we have organized to keep in touch with each other, as a building cannot be built by one man, but must be done by many. We mean nothing more than to become a nation, nothing less than to be shall not work. We have organized, with the hope of restoring confidence with those who employ us. We are not looking for trouble, but a shape of the work. We have done our share of the former. We do not believe in strikes, neither do we believe in finding a place to pay \$10 for a 5 horse. We believe in reason and good horse sense. Our members will deal direct with their employer. We have no guardian to tell us what and where to work. We have paid debts and made them ready to pay a free card. Our meetings are for the benefit of the contractor as well as our own members. All we do is open and above-board.

We intend to advise and encourage our fellow citizens throughout the State to fall in line, and expect to help every city being well organized within the next twelve months.

We are about fifty strong at present, others coming in at each meeting. Our members are all built and given their employer the best of satisfaction.

T. H. HOME,  
President of the Bricklayers' Association.

### CHARLES F. WEIDMEYER.

CLINTON (Mo.) Sept. 24.—(Exclusive Dispatch.) Charles F. Weidmeyer aged 45, an operator of eight wholesale and retail stores in the Navajo reservation and other parts of New Mexico, died last night at the home of his parents, Capt. and Mrs. J. M. Weidmeyer, in Clinton.

### GANS STUDY IN PATHOS.

(Continued From First Page.)

there must be no limit but the roof. His almost changeless face makes him a star in poker. This is one of his Ethiopion characteristics.

Another trait is his tendency to sudden outbursts of childish wrath. His anger is the sudden, ineffective, futile, random wrath of the negro, which spreads itself in hot ill-tempered words.

Gans is a mulatto woman, who is said to be intelligent and resourceful. Doubtless under her tuition, Gans has lately begun to save money. He is said to be saving \$2000 or \$3000 before he can buy a house.

He owns a hotel for colored people and two or three houses.

He is known among his boyhood friends South as one who sits apart, lonely and sadly, and gambles silently and sadly.

Sporting men say that he is the greatest ring general and expert fist wielder who has ever lived.

His greatest antagonist, Battling Nelson, of Dane, says: "If you let Gans loose, he can fight any one of his weight who ever fought in a ring. He will murder Burns."

It is said that Gans never wastes a blow. He swoops like a falcon. He does not strike often, but his blows are cruel and effective.

Altogether, although prize-fighters are drowsome, Gans, as a creature of war, is interesting.

### PULLMAN COMPANY SUED.

Attorney-General of Texas Proposes to Oust It from the Lone Star State.

### IBY DIRECT WIRE TO THE TIMES.

NEW YORK, Sept. 24.—(Exclusive Dispatch.) General F. S. Stanton, who occupies the chair of applied mathematics in hot ill-tempered words. Gans has raised most clamorous protest, and it is necessary to transact business in Texas which aggregates annually \$10,000,000; that if this corporation be required to take off a permit it would be given to the State \$10,000 in the way of charges, fees, etc. The Pullman has a capital stock of \$100,000,000. The Attorney-General asks for an injunction to enjoin the defendant company from doing business in Texas.
